- 5.2.** Staff must not establish or seek to establish social contact with children for the purpose of securing a friendship or to pursue or strengthen a relationship. If a young person seeks to establish social contact you should exercise your professional judgement in making a response and be aware that such social contact could be misconstrued.
- 5.3.** Staff must not develop personal or sexual relationships with children and should not engage in any sexual activity with a children. Sexual activity does not just involve physical contact including penetrative and non-penetrative acts.
- 5.4.** Working Together to Safeguard Children¹ defines sexual abuse as ... 'forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).
- 5.5.** Staff should be mindful of sections 15A and 16 of The Sexual Offences Act 2003^{2,3} .

²Section 15A of the Sexual Offences Act 2015 (Contained in section 67 of the Serious Crime Act 2015) which criminalises a person aged 18 years or over who intentionally communicates with a child under 16 (who the adult does not reasonably believe to be 16 or over), if the communication is sexual or if it is intended to elicit from the child a communication which is sexual. The offence is only committed if the adult acts for the purpose of obtaining sexual gratification.

³Section 16 of The Sexual Offences Act 2003 provides that it is an offence for a person aged 18 or over (e.g. teacher, youth worker) to have a sexual relationship with a child under 18 where that person is in a position of trust in respect of that child, even if the relationship is consensual. A situation where a person is in a position of trust could arise where the child is in full-time education and the person looks after children under 18 in the same establishment as the child, even if s/he does not teach the child

6. Infatuations

- 6.1.** It is not unusual for children or, sometimes, their parents to develop infatuations towards members of staff. All such situations must be responded to sensitively to maintain the dignity of those concerned.
- 6.2.** Staff should also be aware that such circumstances carry a high risk of words or actions being misinterpreted and for allegations to be made against staff. Any indications of an infatuation towards yourself or another member of staff must be reported to your line manager.

7. Gifts/Hospitality

- 7.1.** Staff need to take care that they do not accept any gift/offer of hospitality that might be construed as a bribe by others, or lead the giver to expect preferential treatment. However, there may be occasions where pupils/students or parents wish to give a small token of appreciation to staff, for example at religious festivities or at the end of the year.
- 7.2.** It is unacceptable to receive gifts on a regular basis or to suggest to children that gifts are appropriate or desired. Money must not be accepted as a gift. If you are unsure whether to accept a gift you should consult your manager.
- 7.3.** Staff must not accept significant gifts [a sum to be assessed by the Activitots] or hospitality from pupils, parents, carers, actual or potential contractors or outside suppliers. All such gifts/offers of hospitality should be reported to your manager and recorded.
- 7.4.** Personal gifts must not be given by staff to children and any reward to children should be in accordance with Activitots behaviour policy, recorded and not based on favouritism.

8. Physical Contact with Children

- 8.1.** There are occasions when it is entirely appropriate and proper for staff to have physical contact with pupils, but it is crucial that they only do so in ways appropriate to their professional role. A 'no touch' approach is impractical for most staff and may in some circumstances be inappropriate. When physical contact is made with pupils it should be in response to their needs at that time, of limited duration and appropriate to their age, stage of development, gender, ethnicity and background.
- 8.2.** Where feasible, staff should seek the child's permission before initiating contact. Staff should listen, observe and take note of the child's reaction or feelings and, so far as is possible, use a level of contact which is acceptable to the child for the minimum time necessary.
- 8.3.** It is not possible to be specific about the appropriateness of each physical contact, since an action that is appropriate with one child in one set of circumstances may be inappropriate in another, or with a different child. Staff should therefore, use their professional judgement at all times.
- 8.4.** Staff should be aware that even well intentioned physical contact may be misconstrued by the child, an observer or by anyone to whom this action is described. Staff should

never touch a child in a way which may be considered indecent. Always be prepared to explain actions and accept that all physical contact be open to scrutiny. Staff must not engage in rough play, tickling or fun fights with pupils/students.

- 8.5.** Extra caution should be exercised where a child is known to have suffered previous abuse or neglect. Such experiences may sometimes make a child exceptionally needy and demanding of physical contact and staff should respond sensitively by deterring the child through helping them to understand the importance of personal boundaries.
- 8.6.** Staff supervising Activitots multisport coaching sessions should demonstrate the use of a particular piece of equipment/instrument on another member of staff if possible. However, they may be required to initiate physical contact with children to support a child to perform a task safely, to demonstrate the use of a particular piece of equipment/instrument or to assist them with an exercise. Contact under these circumstances should be done with the child's agreement, for the minimum time necessary and in an open environment. Staff should remain sensitive to any discomfort expressed verbally or non-verbally by the child.
- 8.7.** Physical contact must never be secretive, for the gratification of the adult or represent a misuse of authority.
- 8.8.** If a member of staff believes that an action could be misinterpreted, the incident and circumstances should be reported to your line manager, recorded and, if appropriate, a copy placed on the child's file.
- 8.9.** Staff should refer to Activitots Personal Care Section in the Staff Information Pack.

9. Child in distress

- 9.1.** There may be occasions when a child is in distress and in need of comfort as a reassurance. This may include age appropriate physical contact. Staff should remain self-aware at all times in order that their contact is not threatening, intrusive or subject to misinterpretation.
- 9.2.** Such incidents should always be recorded and shared with your line manager. If you have a particular concern about the need to provide this type of care and reassurance you should seek further advice from your manager.

10. One to one situations

- 10.1.** Staff working individually with children should be aware of the potential vulnerability of child and staff in such situations. Staff should manage these situations with regard to the safety of the pupil/student and to themselves.
- 10.2.** Individual work with child should not be undertaken in isolated areas or rooms where there is no external viewing panel. Where it is necessary to close doors for reasons of confidentiality a colleague should be made aware of this and asked to remain vigilant.

11. Online Safety

- 11.1.** Staff must not engage in inappropriate use of social network sites which may bring themselves, Activitots community into disrepute. Staff should adopt the highest security settings on any personal profiles they have.
- 11.2.** Staff should remain mindful of their digital footprint and exercise caution in all their use of social media or any other web based presence they have. This includes written content, videos or photographs and views expressed either directly or by 'liking' certain pages or posts or following certain individuals or groups. Staff should exercise care when using dating websites where staff could encounter students.
- 11.3.** Staff must not make contact with children or ex leavers, must not accept or initiate friend requests nor follow children or ex pupil accounts on any social media platform. Staff must not communicate with children or ex leavers via social media, websites, instant messenger accounts or text message.
- 11.4.** Staff should not make contact with pupils' family members, accept or initiate friend requests or follow pupils' family member's account on any social media platform.
- 11.5.** However, Activitots acknowledges that staff who are also parents may wish to make contact with other parents, who are friends, over social media. Staff must exercise caution and professional judgement in these circumstances and should not have any contact with pupils' family members via social media if that contact is likely to constitute a conflict of interest or call into question their objectivity.
- 11.6.** Mobile phones and personally-owned devices such as tablets may not be used during Holiday Club time, apart from on staff breaks. They should be switched off (or silent) at all times.
- 11.7.** The camera and filming functions of mobile devices must not be used in Holiday Club premises.
- 11.8.** Mobile phones and personally-owned mobile devices brought in to Activitots Holiday Club are the responsibility of the device owner. Activitots accepts no responsibility for the loss, theft or damage of personally-owned mobile phones or mobile devices.

12. Photography, video and images of children

12.1. Many activities involve recording images as part of the curriculum, extra activities, publicity or to celebrate an achievement. In accordance with The Data Protection Act 1998 the image of a pupil/student is personal data. Therefore, it is a requirement under the Act for consent to be obtained from the parent/guardian of a child for any images made. It is also important to take into account the wishes of the child, remembering that some children do not wish to have their photograph taken or be filmed.

12.2. Using images for publicity purposes will require the age appropriate consent of the individual concerned and their parent/guardian. Images should not be displayed on websites, in publications or in a public place without their consent. Staff should also be clear about the purpose of the activity and what will happen to the photographs/images/video footage when the lesson or activity is concluded.

12.3. Photographs/stills or video footage of pupils/students should only be taken using setting equipment for purposes authorised by the school and should be stored securely and only on setting equipment.

12.4. Staff should ensure that a member of the Senior Leadership Team is aware of the proposed use of photographic/video equipment and that this is recorded in lesson plans. All photographs/stills and video footage should be available for scrutiny and staff should be able to justify all images/video footage made.

12.5. Staff should remain aware of the potential for images of child to be misused to create indecent images of children and/or for grooming purposes. Therefore, careful consideration should be given to how activities which are being filmed or photographed are organised and undertaken. Particular care should be given when filming or photographing young or vulnerable child who may be unable to question how or why the activities are taking place. Staff should also be mindful that children who have been abused through the use of video or photography may feel threatened by its use in a teaching environment.

13. Confidentiality

13.1. Members of staff may have access to confidential information about children, their parents/carers or their siblings. Staff must not reveal such information except to those colleagues who have a professional role in relation to the child on a need to know basis.

13.2. Staff should never use confidential or personal information about a child or his/her family for their own, or others' advantage (including that of partners, friends, relatives or other organisations). Information must never be used to intimidate, humiliate, or embarrass the child.

13.3. All staff are likely at some point to witness actions which need to be confidential. For example, where a child is hurt by another child, this needs to be reported and dealt with in accordance with the appropriate manner. It must not be discussed outside the holiday club, including with the child's parent or carer, nor with colleagues in the holiday club except by a senior member of staff with the appropriate authority to deal with the matter.

13.4. Staff have a statutory obligation to share with Activitots, the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead any information which gives rise to concern about the welfare or safety of a child or that might suggest a child is in need or at risk of significant harm. Staff should pass on information without delay in accordance with Activitots safeguarding policy and procedures and this should be recorded. Staff must never promise a child that they will not act on or pass on any information that they are told by the child.

13.5. Staff should refer to the Department of Education's document Information sharing: advice for practitioners providing safeguarding services⁴ for further guidance on information sharing. If you are in any doubt about whether to share you should seek guidance from a member of the senior leadership team.

13.6. Any media or legal enquiries should be passed to the senior leadership team and only approved staff and members should communicate to the media about the setting.

14. Parents as employees

- 14.1.** It is acknowledged that some staff also have children who attend the setting. It is recognised that in these cases the staff fulfil a dual role of parent and employee.
- 14.2.** Parents as employees should ensure that they uphold boundaries between the two roles and that their behaviour does not constitute a conflict of interest. For example, they must maintain the same level of confidentiality despite social expectations. Parent-staff should discuss any inter-role conflict with their manager.

15. Whistleblowing

- 15.1.** Whistleblowing is the mechanism by which staff can voice their concerns, without fear of repercussion.
- 15.2.** All staff have a duty to report any behaviour by a colleague which raises concern.. This is particularly important where the welfare of a child may be at risk.

16. Compliance

- 16.1.** All staff must complete the form below to confirm they have read, understood and agree to comply with this policy. This form should be signed and dated and a copy retained on the member of staff's file.
